Dear Mr. Levine:

My name is Hannah and I have been thinking about bullying more and more over the year, because it is getting more serious. There have been people who have been called horrible things and I don't like that. When I was a little kid I was bullied; older boys would pull my hair (because it was VERY long) and call me fat. I've been trying my hardest not to let it get to me. When I think about what happened to me I think about how other children have committed suicide.

I would like to donate 25 dollars to your organization because I think that it is important that we stop bullying now! I would like to see the money go to support groups, and help people not commit suicide. Thank you for your time to read this letter.

Sincerely,

Hannah Roberts
